Coin master currently has a 4.5 star rating on Google play with over 8,000 reviews, and a 3.5 star rating on the iOS app store with almost 2,000 ratings. This is probably due to the fact that while this game is not the most addictive or fun around, it definitely is a good game to pass time with if you have nothing else to do. The graphics are nice and colorful and the concept of going from island to island collecting treasure along with your pet fish is unique compared to other games out there. I also enjoyed how there were achievements and collectables you could purchase at certain levels which allowed you to work toward achieving something special in the game as well as progress through it more easily. Besides that, I feel like this game is definitely worth a download and worth 5 dollars to unlock all of the cool stuff, but as it is right now I wouldn't recommend it. Good Summary Coin master is fun to play, but not nearly as addictive as other games out there. Worth it if you love price charts and achievements, otherwise try other games first.",

Good game but glitches by lokeylove on 2021/03/12 15:52 I love this game itâ€™s very entertaining and fun! However, there are a couple things that I would like to see changed. One being the chat in the game. Whenever Iâ€™m in it, all I hear is people asking each other for gifts or sending each other back-and-forth gifting requests which is very annoying. I also have to say that the bugs are pretty severe. For example, I had a chat with another player, which I was supposed to be able to skip, however it turned out that you just have to wait for her. Sometimes when the game glitches during your turn, a few opponents can attack you at the same time and you will lose all your troops while still being on "your" move. Basically, itâ€™s very annoying.",

Overall I found Coin master to be a fairly quick game to play, although it is not as addictive as some of the other games on this site. I would recommend giving it a try for 50 minutes or so and see if you enjoy it before you decide whether to purchase it at all. The game itself is free but there are unlockables such as achievements and costumes which canâ€™t be unlocked unless you decide to spend your in-game coins (which costs about \$2 per million coins). You can also still play the free version of the game without spending your coins, but you won't be able to unlock all the achievements and costumes as you progress through the game.",

Creative and challenging by Houshk on 2021/09/21 19:18 This game is challenging yet fun at the same time. The levels are creative and well designed. To me they are not frustrating as some other games that don't really go anywhere or have too many different options to choose from. I love this game a lot!",

Coins by CeceCeceCece on 2021/12/13 16:27 I love this game and have been playing it for years. I have reached a level where there is no more available to play and therefore am unable to make any upgrades for my games such as bakeries. It would be great if some of the higher levels were made available as in the past. It really is frustrating having to keep doing the same things over and over and over and over again without ever reaching new levels or being able to use anything you have won towards buying coins etc. Please let us know when new levels are available. I, for one, am ready to play them. Thank you",

Ads by Abubaker94 on 2021/02/19 22:44 I love this game but with the way ads are it seriously is unplayable. If you can get pass that it is a good game but the ads can be super annoying and I kind of regret getting this app when they made it. Itâ€™s you get him for a couple minutes its gone, and it seems like they make more things per ad instead of making a easier lower level. I donâ€™t get it but you can have a good time while playing this game.",

Best Game Ever by Ali Bery on 2021/11/30 17:16 This game is so fun and addictive! Itâ€™s great because you can play with your friends, chat with other players, and customize your character with tons of cute outfits! The most amazing thing about this game is how many different achievements there are to unlock. You can even play a bunch of different mini games to win prizes! But after an hour or two that can start to get boring. So, I would say this game is great for short bursts or if you are bored or when youâ€™re on your phone at home.",

Love this game by Lucky315 on 2021/07/21 13:24 I love this game. I'm not very good at it yet, but I can already tell that it's going to be a favorite. Great job! There are so many ads though, if they weren't there I would rate this app 5 stars!",
